Meals

Elements Day Care Center provides the option of availing nutritious meals made at the center, cooked in extremely hygienic conditions. Parents can also send their Tiffin's from home. Meals and snacks are served during the right times during the day and special care is given to each kid individually to ensure that he/she is well fed.

Sleeping Room

The sleeping room has been specially designed with kids needs in mind. Every child is provided with an individual bed. Every child has his/her own individual linen which is sterilized regularly to ensure that the child rests in a hygienic environment. The sleeping area would be having an air-conditioning unit to maintain an optimum temperature while the kids rest peacefully.

Feedback

While timely feedback about the child's interest and activities are given to parents regularly, we also ensure that immediate feedback is conveyed in situations that warrant the same. A diary would be maintained for every child which would contain daily notes on some of the child's important activities. Parents are requested to read the diary regularly.
